** The July issue of Radio ZS will be available for download from the League's web site by Wednesday 8 July. In this issue, Nico, ZS6QL, talks about opportunities and possibilities, Kevin, ZS6KMD shows you how to build a simple Arduino Morse Keyer while Richard, G3CWI, tells more about operating amateur radio from hotels. Peter, ZS2ABF, tells us about his Fast Scan TV experiments on 2,4 GHz.

For the 4 metre, enthusiasts there are two antenna articles included. Pine, ZS6GST, explains in Afrikaans the workings of the VHF quarter wave antenna, and in English he discusses an Attenuator as a Mismatch Test Load. Agent Tim explains the building of the Whaddon Mk VII "Paraset" and Mike, ZS2FM, takes us to visit ALMA - the Atacama Large Millimetre/sub-millimetre Array.

Peter, ZS2ABF, is the winner of the first Radio ZS cover competition.

** The SARL ADF Committee met during the past week and discussed various initiatives in an attempt to ease the current restrictions on the erection of antennas and supporting structures in residential areas. The committee was appointed at last week's SARL Council meeting and is chaired by Fritz Sutherland, ZS6SF with Nico van Rensburg, ZS6QL and Hans van de Groenendaal, ZS6AKV as committee members. The brief of the committee is to review the legal framework, a document that was prepared by legal experts under the guidance of Johann Marais ZS1JM and the financial support of radio amateurs and to develop an action plan to engage with various role players in Government on an urgent basis.

The committee also reviewed the draft of a strategic document that talks to the important role amateur radio plays in terms of disaster communication, technology development and technical education. The committee also accepted the

responsibility to provide feedback on its work in the monthly SARL newsletter which is mailed to all members.

The dates for the Amateur Radio in Action symposia for the 2015 has now been finalized. It starts off on 22 August at the NARC followed on 19 September 2015 in Pretoria. The Cape Town event is on 10 October at the Cape Peninsula University of Technology. Bookings will open on Monday 13 July. The kit offered at the RTA is a micro controlled frequency counter. More details will soon be published on the web.

** The Council agreed that no commercial advertisements will be published on the SARL Web swap shop. Only members may post advertisements of their own surplus equipment. The rules will be published on the swap shop page as soon possible. The fees for commercial hamads are reduced to support smaller suppliers who wish to advertise their products and services on the SARL web page. The large display advertisement costs remains the same.

** The first ever ZS5 Sprint will be on the air this afternoon from 14:00 to 15:00 UTC with CW activity on 7 000 to 7 140 kHz and phone activity on 7 130 to 7 190 kHz. The exchange for KZN stations is a RS or RST report and town name or abbreviation. For non-KZN stations, it is a RS or RST report and provincial or country abbreviation.

For KZN stations the scoring is - contacts with stations in ZS5 are worth 1 point and contacts with stations in other ZS call areas or Southern African countries are worth 2 points. For non-KZN stations the scoring is - contacts with stations in ZS5 are worth 2 points and contacts with stations in own or other ZS call areas, excluding ZS5, or Southern African countries are worth 1 point.
